

Customer Journey Map

Date: 30 September 2026 | Team ID: 6ab2240ffc67a5bc0222524ef | Project: ComicCraft – AI Comic Story Creator

Customer Journey Map

Journey phase	Actions	Touchpoint	Customer thought	Feeling	Opportunity
1. Idea	Types story prompt and character	ComicCraft home form	"Can I describe this simply?"	Curious	Clear examples and labels
2. Customize	Selects setting, tone and art style	Form controls	"Will the style match my idea?"	Hopeful	Useful preset options
3. Generate	Submits form	FastAPI /generate route	"How long will this take?"	Expectant	Progress/clear error handling
4. Review	Views five panels	comic_preview.html	"Does the story make sense?"	Engaged	Readable panel layout
5. Export	Downloads PDF	Export route / static export	"Can I share this?"	Satisfied	Simple export confirmation

Improvement focus

The current project already covers the core journey. A future enhancement could add progress feedback during image generation because image generation is the most time-consuming stage.
