

Team Involvement in Demonstration

Date: 30 September 2026 | Team ID: 6ab2240ffc67a5bc0222524ef | Project: ComicCraft – AI Comic Story Creator

Team involvement in demonstration

Team member	Role in project / demo	Suggested section
Jennet Mercy A	Team lead; coordinates project story, requirements and overall flow.	Introduction, problem, final workflow
Prasanna P	Backend / story workflow contribution.	FastAPI routes and story generation
Sadana S	AI / image-generation contribution.	Image pipeline and model configuration
Sadana D	UI / presentation contribution.	Input form and comic preview
Anushiya A	Documentation / export / testing contribution.	PDF export, testing and documentation

Team presentation principle

Each member should be able to explain the part they present and how it connects to the end-to-end ComicCraft workflow. The exact contribution labels above are a demonstration plan aligned with the project's modules; they can be adjusted to match the team's actual division of work before submission.
